

EXPERIENCE

SDE 1, Nbyula - Bangalore, IN

Jan'26 - Present

- Created a Prompt Improvement Agent to automatically improve the main Nbyula Agent using GEPA on prod traces by giving autonomous PRs.
- Created a full Async Document AI pipeline serving 10k users classifying, extracting, doing QA and nudging leads incase of bad upload quality.

SDE Intern, Nbyula - Bangalore, IN

Dec'24 - Jan'26

- Improved UI flow by reducing clicks for SOP and Essay pages with direct Razorpay access, which created INR 80k in product-led sales.
- Created a Langgraph AI agent with whatsappweb.js to warm disengaged leads using custom messages based on their CRM data.
- Developed OpenAI Agent for gmat_nbyula (Nbyula's Instagram), used Manychat to connect with backend, which converted Instagram leads.
- Made a UserGenerated Content Moderation System using fine-tuned Bert and LLM as a Judge, reducing spam (inc drugs and erotica) by 99%.
- Added filtering & sorting leads, auditing their calls & Google Meet in CRM for coaches. Improved tracking by introducing the Operations Role.
- Created an automated foreign Application Filing Agent for MS Applications using Browser Use, Claude Agents SDK, and Langgraph.

SDE Intern, CreditMitra - Hyderabad, TG, IN

Apr'24 - Sep'24

- Created creditmitra.in as a responsive website and hosted it in AWS using S3, Route53 and Cloudfront. Created policies for role-based access.
- Implemented MERN backend with proper SEO, Chatbot, Email, and CICD pipeline using Jenkins and Ansible running on an EC2.
- Set up MS Clarity & GTM. Also linked Mautic, Meta Pixel & UTM to send server-side conversion events to Meta for better ad campaign targeting.
- Developed HRMS website and PWA in the MERN stack, which was used for attendance, payroll, offer letters, and employee directory.

TECHNICAL SKILLS

- Web Server (Apache/Nginx) Administration (Hosting, Deployment and Maintenance) and firewall rules writing WAF.
- AWS Hosting with EC2, ECS, S3, Lambda, Cloudfront, DynamoDB, CodeCommit, CodePipeline, CodeBuild. Reverse Proxy with Nginx.
- LLM Agent Automation using Make, N8N, Vapi, Browser Use, Langchain, Ollama and tracing using Langfuse.
- Claude, Codex, Pi, Openclaw. Custom Harnesses using Claude Agent SDK and Langgraph.
- Cybersecurity tools: Nmap, Nessus, Wireshark, Crunch, FTKImager, Ghidra and Volatility.

CERTIFICATIONS & LICENSES

- | | |
|--|--------|
| AWS Cloud Practitioner | Jul'23 |
| Certification from IIT Kharagpur - Ethical Hacking (NPTEL) | Dec'23 |
| RedHat Certified Enterprise App Development in Java | Dec'23 |

WORK

- nbyula.com website for skillizens without borders, a study abroad consultancy.
- creditmitra.in website for a FinTech Digital Lending company
- ruluka.com, a full-stack website for an e-commerce fashion startup in MERN, Redis, and AWS.
- blogllm.com - AI-based blog website that auto-curates research on LLMs and emails them daily.
- Surabhi Website for KL Universities' main cultural fest in Django, Three.js and React.
- El Comicos Website for Stand Up Comedy Club
- E-Commerce comparison website for similar products from Flipkart and Amazon.
- AuditX - a compliance and audit platform to manage and execute CIS benchmark scripts.
- Visualisation of cryptojacking's evolution using NLP.
- Saloonz App in React Native with Haircut Simulation using Mediapipe.

EDUCATION

- | | |
|--|-------------|
| KL University - B.Tech, CSE Honors, specialising in Cybersecurity and Blockchain | |
| Current CGPA: 9.1/10 | 2021 - 2025 |
| LBPS, Rajasthan CBSE (12th) - 83% | 2021 |
| DPS, Srinagar - CBSE (10th) - 93% | 2019 |

PROGRAMMING

Python - Django, FastAPI, PyTorch, Pandas, Boto3, Numpy, Langgraph, DRF, Celery, Puppeteer, Selenium, Playwright, Pytest
JS - React, Next.js, Vue, Sentry, NodeJS, Express, Nest.js, THREE.js, CANNON.js
Java, Spring Boot. Solidity, C, HTML, CSS, Tailwind. LAMP Stack, Wordpress, Docker
Ngrok, MongoDB, PostgreSQL, Redis

COURSEWORK

A Crash Course in Data Science
Artificial Intelligence: An Overview
Introduction to Data Analytics
SAS Statistical Business Analyst Cert
Server-side Development with NodeJS, Express and MongoDB
Introduction to Agile Development and Scrum

OTHER

Co Lead 80 students for 3 weeks as Student Mentor, Social Internship, in KL University.
Founder, Stand Up Comedy Club of KL University - Developed a team of 20 people performing consistent shows with 1000+ attendees.
Table Tennis - Played district and states in AP.
